

Goal and Focus

Where all children have access to care, security and support within a loving home and community.

LANS will focus its resources in three areas:

- Reducing the number of vulnerable children without adequate loving care and support,
- Improving the quality of care and support,
- Ensuring a supportive regulatory and media framework for individual and community adoptions.

Organization Priorities

- Promote community adoptions, care and support
- Guide legal and policy development on adoption
- Encourage improvement in the rehabilitation, development and adoption of disabled orphaned children
